

# BRUNCH SERVICE

The silver brunch is the perfect option if you want to enjoy a buffet style brunch with a selection of breakfast items and cold dishes. Perfect for breakfast food lovers!

The gold brunch is perfect if you wish to start your brunch with a selection of self serve breakfast dishes like fruit salad, breads and pastries. Followed by a second course of either cold buffet food or a hot traditional English or American breakfast dish.

## OPTIONS

### Brunch Options

For the silver brunch you have everything to commence and then you choose 3 options from the self-serve buffet plates.

For the gold brunch you have everything to commence + a charcuterie and cheese board and mimosa. You then choose 5 options from the buffet plates or 1 from the sit down plates. For the sit down plates all guests must have the same plate.

The shopping is facilitated by me to guarantee the quality and freshness of the produce (local suppliers, market gardeners, butchers, auctions, direct farms).

### Cocktail option 8€ per cocktail

Welcome cocktail: You choose 1 cocktail from a list of classic cocktails and Chilli & Life creations, they will be made and served by Pierre at the arrival of your guests.

### Table decoration

We also offer optional table decoration. You choose a theme, colours and give us a budget.

### Preparation

Before I arrive, I ask for a clean and tidy kitchen as well as an empty dishwasher and bin. All preparations are made at your home.

I will arrive at your home approximately 5 hours before the start time of the festivities.

I will use your cookware as well as your dishes. However, I bring all other utensils necessary for dressing the dishes.

I will leave once the brunch has been served and the kitchen is clean.

### Prices

The price of the service is €40 per guest for the silver brunch and €80 per person for the gold brunch. A deposit of 40% is requested upon validation of the quote.
